Theatre Training for Young People

Logan learned so much in just one year. It was exciting to see my son blossom in a new talent and become so interested in the arts.

-DD Martin, parent

My daughter often talked about becoming an actress. Having her attend theatre school and perform in the productions at SLT has given me an appreciation for the craft of acting.

-Linda Gray, parent

Sumter Little Theatre has helped me grow, not just as an actor, but as a person. I've gained so much self confidence through our improvisations in class that I'm not afraid to put myself out there in other areas of my life. I can honestly say that if it hadn't been for everyone at the theatre, and my experiences there, I don't believe I would be where I am in my life today.

-Kirsten Schaare, student

Classes at SLT have been a great experience for me! Getting a chance to meet and create improvisations with other young actors like myself has been both interesting and rewarding. Mr. Bultman has helped me learn how to create new worlds with a couple of blocks and a stool. I always leave class knowing something I didn't before and with a rejuvenated passion for the arts.

-Brianna Gray, student

My experience has been really wonderful at SLT. Taking classes has helped me grow in my acting and as a person. It's great to be able to act with other talented actors who take interest in the drama as well. It's awesome to get to share ideas and methods through improvisations in the class. I highly recommend taking classes at SLT for anyone who is interested in drama.

-Tristan Pack, student

Kathryn loved drama this past year and enjoyed being able to express her creativity through acting. She will be back next year and hopes to perform in more plays as well as learn more from Mr. Bultman. I could see a huge difference in her self esteem.
